Your Single Source Plumbing Supply Solution.

Meet your customers' needs in no time when you rely on Lincoln Products. For more than 60 years, the hardware industry has turned to Lincoln for turnkey solutions that keep your walls stocked and your customers coming back. As the largest plumbing supplier in North America, our network of 12 Distribution Centers puts our buying power to work for you, offering immediate availability of millions of plumbing products.

Whether they're pros or consumers, your customers can't afford to use inferior components. Genuine Manufacturer repair parts from the largest faucet and plumbing fixture companies in the industry are part of our 4,000+ SKU packaged program, helping you drive business into your department through fully designed merchandising solutions. Customers find the familiar graphics and part numbers of national brands, our custom plan-o-grams, illustrated bin labels, color coding, POP aids along with in-store set up assistance help lead them to purchase.
